VERIFIED the financial availability of the project funds indicated;

DECREES

Art. 1 (Purposes and object)
A public selection is called for the awarding of n. 2 Research Fellowships for the scientific disciplinary sector ING/IND 35, on the following themes:

1. "Review, research and critical analysis of applications, initiatives and actions for the implementation of the circular economy aimed at social transformation at the micro, meso and macro levels."
2. “Review, research and critical analysis of mapping methods, indicators and socio-environmental assessment approaches for the construction of a responsible practices and initiatives system for the circular economy";

funded by the project "JUST2CE", "JUST TRANSITION TO THE CIRCULAR ECONOMY" - Grant Agreement n. 101000441 - H2020-SC5-2020-2 - CUP I25F20000240006, principal investigator, prof. Renato Passaro.

Art. 2 (Duration, renewal, amount and general admission criteria)
The duration of each research fellowship is 12 months extendable in case of the positive judgement of the principal investigator and availability of funds. The amount of the fellowship, which will be paid in deferred monthly payments, is € 24,000.00 (twenty-four thousand/00) including any taxes and charges to be levied by the institution and the collaborator, pursuant to the provisions in force.
The grant cannot be combined with fellowships of any kind, except those granted by national or foreign institutions useful for integrating, with stays abroad, the research activity of the holder of research fellowship.
This research fellowships cannot be assigned to permanent employees of the universities, institutions and public research and experimentation bodies, of the National Agency for new technologies, energy and sustainable economic development (ENEA) and the Italian Space Agency (ASI), as well as Institutions whose scientific specialization diploma has been recognized equivalent to the title of PhD in accordance with Art. 74, fourth paragraph of Presidential Decree 382/1980.
In terms of incompatibility, the provisions of art. 18 letter b) and c) of Law 240/2010 applied.
Furthermore, the research fellowship is incompatible with the ownership of contracts of continuous and coordinated job collaboration as well as occasional collaboration conferred by the University of Naples "Parthenope".
Carrying out self-employed or subordinate work activities is compatible with the research fellowship only if previously authorized by the Board of the Institution, or body delegated by the board itself, after obtaining the tutor's motivated opinion.

For the purposes of prevention of accumulation, of the incompatibilities and leaves referred to in this article, upon signing the contract, the winner makes a specific declaration of self-certification, undertaking to communicate to the University structure any variation with respect to what has been declared, at the same time as the variation itself occurs.

In application of art. 53, paragraph 16-ter of Legislative Decree no. 165/2001, introduced by Law no. 190/2012 (activities following termination of employment - pantouflage or revolving doors), employees who, in the last three years of service, have exercised authoritative or negotiating powers on behalf of the public administrations, may not carry out, in the three years following termination of employment, work or professional activities with private parties who are recipients of the administration's activities carried out through the same powers.

The research fellow can attend PhD courses without the right to a grant, notwithstanding the passing of the admission tests and, if required, the payment of the contribution for the access to courses.

Art. 3
(Requirements)

The holders of research fellowships must hold a professional scientific curriculum for carrying out the research activity, provided that it is relevant to the scientific area for which the grant is conferred, and if they have one of the following qualifications of study and professional experience:

PhD in Environmental or Biological Sciences, Engineering, Economics.

Preferential qualifications:
- previous experience in research activities on themes of the project topics;
- publication of articles in international journals on research topics;
- Fluent English.

The general requirements for the admission to public selections and any additional requirements must be held on the expiry date of the relative selection notices.

Art. 4
(Application)

The application for admission to the selection, to be drawn up according to the scheme attached to this announcement, under penalty of exclusion, and accompanied by the required documentation (see Annex A), addressed to the Rector of the University of Naples "Parthenope", c / o UPRCI must be sent by Certified Electronic Mail to the following address: concorsi@pec.uniparthenope.it within the peremptory term of 30 days from the date of publication of this announcement.

Please note, in this regard, that only sending by PEC is valid and not by non-certified e-mail. In case of sending the application by PEC, it is required that the files to be attached to the e-mail message be in pdf format.

The application must be accompanied by the receipt of payment of € 10.00 using the following bank details: INTESA SANPAOLO S.P.A. IBAN IT13U0306903496100000300063 BIC/SWIFT CODE: BCITITMM - UNIVERSITA’ DEGLI STUDI DI NAPOLI PARTHENOPE; please specify reference to “Assegno di ricerca RIF. BANDO dr n.____/2021”.
At the moment of the payment, the candidate's name, surname and fiscal code must be indicated. It is understood that the sender is exclusively responsible for the delivery of the application, if for any reason, the application does not reach its destination within the deadline mentioned above. All documentation sent must clearly show the name, surname, address of the candidate and the reference of the call (as per art. 1 of this announcement). Incomplete applications will not be considered.

**If the deadline for submitting applications falls on a public holiday, the deadline is extended to the first immediately following the day that is not a public holiday.**

The validity of the transmission and receipt of the certified electronic mail message is attested by the receipt of acceptance and the receipt of delivery respectively, provided by the electronic mail manager by art. 6 of Presidential Decree no. 68 of 11 February 2005. **Therefore, the Administration assumes no responsibility in cases where the recipient has not received the receipt of acceptance and/or delivery receipt certifying the validity of the transmission of the application to participate in the above selection.**

In the application, the candidate must declare under his/her responsibility, and aware of the penalties in the case of false declarations, falsification of documents and use of false documents, which are referred to in art. 76 of the d.p.r. 445/2000, the following information:

1. personal details, date and place of birth, citizenship, residence, elected address for the selection (specifying the postal code), a valid personal e-mail address and a home telephone number as well as that of the cell phone;
2. to have the required academic qualification or to possess a similar academic qualification obtained abroad, recognized as equivalent to an Italian qualification by the competent academic authorities. The foreign academic qualification can be declared admissible by the Commission of selection, for the sole purpose of admission to the selection. In this case, the candidate must attach to the application form the documents translated and legalized by the competent Italian diplomatic or consular representatives in the country of the issuing University, according to the regulations in force on the matter;
3. not to be an employee in the public administration as in art. 2;
4. not to be benefiting of any other scholarship for any reason conferred;
5. to undertake to carry out continuous study and research activities in the field of the selected research;
6. to commit to promptly notify any change in his/her residence or address;
7. to authorize the processing of data by the legislation on privacy, since 25.05.2018, REG. EU 2016/679.

Candidates must also attach to the application:

a) self-certification (annex B) made according to D.P.R. 445/2000, relating to the possession of a degree, indicating the date of achievement, the University which issued it and the grade obtained. It must be accompanied by a signed copy of a valid identification document;

b) other qualifications useful for the competition such as publications, specialization diplomas, attendance of post-graduate specialization courses obtained in Italy or abroad, grants, contracts or research assignments both in Italy and abroad, doctoral thesis, language certifications;
c) scientific-professional curriculum, signed on each page and containing the authorization to process personal data (REG. EU 2016/679 and subsequent amendments);

d) list, in plain paper, of the publications and titles mentioned above.

These titles may also be produced through self-certification, made according to Presidential Decree n. 445/2000 and the amendments provided by law no. 183 of 12.11.2011 art. 15; It is necessary to enclose a copy of the original of any publications, thesis and doctoral thesis.

Candidates must collect their qualifications and any publications sent to the University at their own expense and within six months from completing the competition. After the period indicated, the Administration will not be responsible in any way for the conservation of the aforementioned titles. The Administration assumes no responsibility for any misunderstandings in communications due to inaccurate indications of residence and address by the applicant or failure or late communication of the change thereof, nor for any postal or telegraphic errors not attributable to the fault of the Administration itself.

**Art. 5**

(Selection of candidates)

The selection procedure for candidates is carried out by a Commission of experts on the subject which is designated by the competent body of the Institution leading the research project: precisely it is composed by three members of which at least one is a full professor. The Head of the research in which the holder of the fellowship will collaborate, will also be Member of the Commission. The Commission is appointed by decree of the Rector or of the Director of the Institution which has activated the grant and is required to conclude the work without delay within 90 days from the notification of the appointment.

The selection will take place on the basis of qualifications and interview.

The evaluation of qualifications, after the general criteria have been identified, is conducted before the interview. The interview will be in English for foreign candidates.

The interview is scheduled on 13th July 2021 at 10 am in telematic modality according to the disposition of the "Regulation for the conduct of competitive procedures in telematic modality, according to the Decree of the President of the Council of Ministers of March 11, 2020", issued by D.R. 187 of 18/3/2020.

The calendar has the value of notification to all effects; any change will be published on the University website. To attend the interview, candidates must have an appropriate identification document. The Commission reserves the right to modify the date of the interview in agreement with the candidates. Each candidate will be assigned a maximum of 100 points distributed as follows:

- maximum of 60 points for qualifications
- a maximum of 40 points to each candidate's interview.

Regarding the scientific-professional qualifications the score is divided as follows:

- maximum of 5 points for the PhD (national or international) carried out in disciplines related to the scientific area for which you are applying;
- maximum of 10 points for research fellowships, scholarships (national or international), master's degrees, postgraduate courses, for research activities or work experience in public and/or private institutions, or for winning a competition for a tenured researcher at Italian or foreign universities, at the CNR or other national or international research institutions, in disciplines related to the scientific area for which the applicant is running;
• maximum of 15 points for publications (including doctoral and/or degree theses) in disciplines related to the field of research for which you are applying;
• a maximum of 30 points for other skills, related to the above preferential titles, useful to research activities, also achieved within the course of their studies.
The Commission's judgment is not subject to appeal.

The selection will be considered successful if in the evaluation of qualifications has been obtained the minimum score of 40 and in the evaluation of the interview the minimum score of 20.
The overall mark is established by the sum of the score obtained in the evaluation of qualifications and the mark obtained in the interview.

The procedure of selection criteria concludes with a Rector's decree, which approves the list of candidates for the research fellowship. This decree will be published on the University website.
Against the decree of approval of the acts, written appeal may be made to the Rector within 15 days from the date of publication.

Art. 6
(Formalization of the relationship)
Research fellowships are formalized through research collaboration contracts stipulated with the structure that has activated the grant. The contracts do not constitute in any way a subordinate employment relationship and do not give rise to rights regarding access to the roles of the university. If the top ranking candidate does not accept the fellowship (prior to the start date), the second top candidate will be offered the position.
The contract shall take effect on the first day of the month following the date of signing. In the presence of situations involving short-term overlaps between the grant and other incompatible activities, the tutor may request to the Rector a reasoned postponement of the start of the contract. (without prejudice to the provisions of art. 9 of the University Regulations for Research Fellowships). It is understood that the funded activities must be completed by and no later than 31.08.2024.
The research fellowships referred to in this call for proposals are subject, in fiscal matters, to the provisions of art. 4 of Law n. 476 of August 13, 1984, as well as, concerning social security, those of art. 2, paragraphs 26 and following, of Law n. 335 of August 8, 1995, and subsequent amendments, concerning compulsory maternity leave, the provisions of the Decree of the Minister of Labor and Social Security n. 28057/2007 and, concerning sick leave, art. 1 paragraph 788 of Law n. 296 of December 27, 2006, and subsequent amendments.

Art. 7
(Evaluation of the research fellow's activity)
The holder of the fellowship must submit six-monthly reports on his/her research activities to the Principal Investigator.
Upon expiry of the contract, having examined the final report of the holder of the grant, the P.I. prepares a short report on the activity carried out and reports to the Commission referred to in previous art. 5 about the overall evaluation of the research carried out by the aforementioned research fellow. Payment will be in monthly installments, following the approval of the principal investigator.
Art. 8  
(Forfeiture, suspension, termination and withdrawal)
The contract and the disbursement of the fellowship, at the request of the interested party, must be suspended in periods of absence due to compulsory maternity leave or documented illness. In such cases, the duration of the relationship is extended to an extent which is equal to the period of suspension, to allow the implementation of the research program. If this postponement exceeds the term of the project to which the collaboration is connected and this is an obstacle for the achievement of the related goals and commitments, the termination of the disbursement of the fellowship and the related early termination of the contract can be arranged, on a motivated judgement of the Principal Investigator.

If the contract holder does not continue the activity foreseen by the research program without a justified reason or is responsible for serious or repeated failures, the termination of the contract, on motivated request of the Principal Investigator and with a resolution of the competent bodies of the research structure, can be established.
The measures of suspension and termination are ordered by the Rector or by the Director of the Institution that activated the fellowship.
The holder of the research fellow has the right to withdraw from the relationship, giving notice at least thirty days before. In this case, the research fellow will be regularly paid up to the time of termination. If otherwise the notice is not communicated in time, the amount relating to the lack of notice will be retained.
Those who have not signed the relative contract by the deadline communicated in a document by the Institution, will lose their right to the research fellowship, except for reasons of health or unavoidably circumstances adequately proven.
Those who provide false declarations or are responsible for omitted communications about the information whose content is described in art. 2 and art. 4 will be excluded as well, without excluding further sanctions provided by current regulations and laws.

Art. 9  
(Insurance coverage)
The University guarantees the research fellows, in carrying out their research activities, against the insurance risk deriving from civil liability towards third parties. It remains, however, the fellow’s responsibility to provide for any insurance coverage against the risk of accidents that may occur during the performance of these activities.

Art. 10  
(Final rule)
For matters not covered by these regulations, the provisions issued in this regard by art. 22 of Law no. 240/2010 are applied.

Art. 11  
(Personal data processing)
The University administration, concerning the REG. EU 2016/679, including provisions on the protection of persons and other subjects, undertakes to use the personal data provided by the candidate only for institutional purposes and for the completion of the competition procedures.
Art. 12
(Officer for the procedure)
The Officer responsible for the procedure is identified in the person of Dr Giovanna Apice, in service at the European and International Research Projects Office, e-mail; giovanna.apice@uniparthenope.it, tel. 081 5475625.
