DECREES

Art. 1

CONVOCATION

A public selection is called, for qualifications and exams, for the recruitment of n. 1 Technologist, category D - economic position D3, according to art. 24 bis of Law 240/2010, with a fixed-term contract, for a duration of 36 months, possibly extendable, with the profile of ENVIRONMENTAL DATA PROCESSING SPECIALIST, to support the project activities of the following actions: TME, CREATE, MytilAI.

The Administration has the faculty to withdraw the call for proposals, to suspend or postpone the tender procedure, in the case of needs that currently cannot be evaluated or foreseen.

Art. 2

PROFESSIONAL PROFILE

The professional figure to be recruited with the profile of ENVIRONMENTAL DATA PROCESSING SPECIALIST will carry out activities related to planning, designing, to prototype implementation of numerical environmental modeling tools and tools for the management of large volumes of environmental data by promoting the use of these methodologies in the operational field including scientific and technological research activities.
The ENVIRONMENTAL DATA PROCESSING SPECIALIST, given a scientific research hypothesis, operational activity or operational service scenario, must be able to identify the single modeling components to be used in a stand-alone or coupled mode and the workflow tools and management of marine and atmospheric data. In particular, he/she will have to manage "environmental data science" scenarios using big data processing tools by techniques and technologies based on machine learning, Pattern identification and knowledge extraction from large datasets in the marine and atmospheric environment.

The skills of the professional profile must be adequate for:

1. plan to generate datasets made of geo-referenced multidimensional environmental data to be used for applications of supervised, unsupervised, and reinforcement machine learning techniques aimed at knowledge extraction from numerical environmental modeling products in the marine and atmospheric domains;
2. manage the results of modeling activities both in scientific research and in the operational area as strategic asset to acquire competitive advantages especially in data analysis and knowledge extraction through data science and machine learning technologies;
3. identify the optimal procedures for extracting knowledge from environmental data produced by modeling systems through pattern recognition tools in large multidimensional data;
4. plan actions for technology transfer between different research groups also in the area of multidisciplinarity and interdisciplinarity with the purpose of improving the cultural exchange and the scientific production of the University.;
5. use the support of technology, especially the potential of high-performance computing, cloud computing, large datasets storage systems with semantic support to multidimensional geo-referenced data, for the implementation of technology transfer activities and verify the return on investment made in terms of knowledge management and scientific profit;
6. contribute to the achievement of the goals of the above-mentioned TME, CREATE, MytilAI projects

ART. 3

ADMISSION REQUIREMENTS

For admission to the selection, the following requirements are required, under penalty of exclusion:

Candidates holding a qualification obtained abroad can participate in the selection by attaching the declaration of equivalence issued in accordance with current legislation, or alternatively, if they do not possess it, the provision that recognizes the equivalence between the title held and the title required by the notice according to art. 38 of Legislative Decree 165/2001 or the receipt for
the start of the equivalence procedure of one’s qualification to that required by the call, according to the procedure referred to in art. 38 of Legislative Decree 165/2001. The equivalence procedure must be started by the deadline of the call. The candidate is admitted to the selection with reserve if the measure has not yet been issued by the competent authorities, it being understood that the determination of equivalence of the qualification must compulsorily be possessed at the time of recruitment. It should be noted that simple Declarations of Value cannot be attached;

2. particular qualification obtainable from work experience in activities related to the professional profile at least 5 years’ notice, duly documented, given to Public Administrations, private companies or as a freelancer, reduced to two years if in possession of the relevant PhD title to the topics covered by this announcement;

3. Italian citizenship or one of the member states of the European Union. Italians not belonging to the Italian Republic are considered equivalent to Italian citizens;

4. age not less than eighteen;

5. having political rights: those excluded from the active political electorate cannot access jobs;

6. having not reported criminal convictions incompatible with the status of public employee that would result in the application of the disciplinary sanction of dismissal without notice by the Administration that launched the announcement;

7. physical suitability for the employment;

8. have complied with the laws on military recruitment, only for candidates born by the year 1985;

9. have not been dismissed, released from employment in a public administration for persistent insufficient performance or have been declared lapsed from state employment pursuant to art. 127, 1 paragraph, letter d), of the Consolidated Act of the provisions concerning the statute of civil employees of the State, approved with Presidential Decree January 10, 1957, no. 3, or fired for just cause or justified subjective reason from employment with a Public Administration;

10. According to the D.P.C.M. of 7/2/1994, n. 174, citizens of the Member States of the European Union must also possess, under penalty of exclusion, the following requirements:

11. have civil and political rights also in the States of origin or provenance;

12. having with the exception of the ownership of Italian citizenship, of all the other requirements provided for citizens of the Republic;

13. have adequate knowledge of the Italian language.

14. Pursuant to art. 38 of Legislative Decree no. 165/2001, as integrated by art. 7, paragraph 1, of Law no. 97/2013, members of the family of citizens of the Member States of the European Union who do not have the citizenship of a Member State but who are holders of the right of residence or the right of permanent residence, as well as citizens of third countries who are holders of the EC long-term residence permit or who are holders of refugee status or subsidiary protection status.

15. With reference to the latter type indicated in this paragraph, compatibly with the current legislative provisions on the matter, they must also possess the following additional requirements:

16. have civil and political rights also in the States of origin or origin;

17. have, with the exception of the ownership of Italian citizenship, of all the other requirements provided for citizens of the Republic;

18. have adequate knowledge of the Italian language.
The lack of even one of the aforementioned specific requirements entails the automatic exclusion of the candidate from the benefit of the reserve. The prescribed requirements must be met on the expiry date of the term established by this announcement for the presentation of the application. Candidates are admitted to the competition with reserve.

The Administration may, with a motivated directorial decree, at any stage of the insolvency procedure, order the exclusion of the candidate for lack of the prescribed requirements. The exclusion and the reason for the same are communicated to the candidate by certified e-mail.

ART. 4

APPLICATION AND SUBMISSION TERMS

The application, as well as the relative attachments, must be submitted by PEC electronic means indicated below within the peremptory deadline of 15 days from the date of publication of this Public Notice on the University's online Register at https://titulus-unipartenope.cineca.it/albo/, or by 11:59 pm on the expiry day. Applications submitted after this deadline are considered inadmissible.

The application for admission to the competition must be drawn up on plain paper, in accordance with the exemplary scheme attached to this announcement (attachment "A"). After having printed and completed the application in all its parts, it must be scanned and sent together with a valid identity document and a copy of the payment of € 10.00 (ten / 00) to the current account Intesa San Paolo S.p.A: IBAN IT13U0306903496100000300063-Codice BIC/SWIFT: BCIITIMM- beneficiary: Università degli Studi di Napoli "Parthenope", indicating the causal “Contributo partecipazione : 1 unità di Tecnologo – DIST – profilo SPECIALISTA DEL TRATTAMENTO DI DATI AMBIENTALI”, as a non-refundable contribution for the organization of the selection. It should be noted that this contribution is valid exclusively for the selection for which the application is submitted and in no case will it be returned.

Both the application, the attachments and the two-sided copy of the valid identity document must be exclusively electronically at the address PEC direzione.generale@pec.unipartenope.it of the Università degli Studi di Napoli "Parthenope".

The submission can only be done from your PEC address and the message must include the following wording in the subject: 1 unità di Tecnologo – DIST – profilo SPECIALISTA DEL TRATTAMENTO DI DATI AMBIENTALI.

The Administration assumes no responsibility for the case of unavailability or for the dispersion of communications attributable to incorrect indication of the delivery or PEC address by the candidate or failure or late communication of the change of delivery or PEC address indicated in the application, or, any postal errors attributable to third parties, by chance or force majeure.
In the case of sending via Pec, the validity of the transmission and reception of the certified e-mail message is certified respectively by the acceptance receipt and the delivery receipt provided by the e-mail manager pursuant to art. 6 of the DPR, February 11, 2005, n. 68. Therefore, the Administration does not assume any responsibility in cases where the recipient has not received an acceptance receipt and / or delivery receipt that certifies the validity of the transmission of the application for participation in the aforementioned selection.

In the application, candidates must declare, under penalty of exclusion from the competition and under their own responsibility and awareness of the penalties provided for false declarations, pursuant to Presidential Decree n. 445/2000:

b) place and date of birth;

c) place of residence;

d) possession of citizenship. In particular, the candidate must specify the country to which they belong, that is, to be:

- holder of the right of residence or the right of permanent residence as a family member of EU citizens who do not have citizenship of a Member State of the European Union;
- third-country national with refugee or subsidiary protection status;
- third-country national, holder of the EC residence permit for long-term residents.

e) if an Italian citizen, to be registered on the electoral rolls, specifying the Municipality and possibly indicating the reasons for the non-registration or cancellation from the same;

f) have not reported criminal convictions even in the course of trial. In the event of any convictions reported, the candidate is required to indicate the judicial authority, the type of conviction and the details of the relative sentences;

g) position held with regard to military service, limited to male candidates, born by the year 1985;

h) possession of the qualification required by art.3 of the notice. The candidate must also specify with reference to the degree held, the date of achievement, the grade obtained and the university at which it was obtained, the degree class for master's degree.

Candidates holding a qualification obtained abroad must:

1. declare to be in possession of the declaration of equivalence or, alternatively, of the equivalence provision or, alternatively, to have provided for its request;

2. attach the declaration of equivalence or alternatively the provision of equivalence or alternatively the receipt of the dispatch of the request for equivalence;

i) the particular professional qualification required by art. 3 of the call. The candidate is required to indicate the duration, period, public or private body in which he / she has worked, the qualification and / or category and / or professional profile covered, any freelance activity carried out, the 'possible
research doctorate with indication of the date of achievement, and of the body that issued it, etc ...

l) having physical suitability for the employment;

m) any services provided by Public Administrations and any causes for termination of previous employment relationships. This declaration must be made even if negative;

n) have not been dismissed from employment at a Public Administration for persistent insufficient performance and not to have been declared lapsed from a state employment for the production of false documents or spoiled by non-remediable invalidity, pursuant to art. 127, letter d), of the Presidential Decree January 10, 1957, no. 3;

ART. 5

SELECTION BOARD

The Board will be appointed by a decree of the General Director and will be composed according to art. 6 of the Regulations for access to the use of technologists fixed-term contract pursuant former art 24 bis of Law 240/2010 at the University of Naples "Parthenope" issued with D.R. 734 of 16/10/2016, as well as in compliance with the provisions of current laws and regulations in compliance with the
principles of equal opportunities and according to criteria of transparency and impartiality, taking into account the professionalism and competence in relation to the profile put out to tender.

ART. 6

SELECTION

The selection is based on the evaluation of the qualifications submitted and on an interview aimed at verifying the knowledge, skills and professional competencies required in relation to the profile to be recruited as described in art. 2 of this notice. The evaluation of qualifications, after identification of the criteria, is carried out by the Selection Board before the interview.

Each candidate will be awarded a maximum of **100 points** distributed as follows:

A) The score reserved for **evaluable qualifications** is **30 points distributed as indicated below**.

The following qualifications are assessable, provided that they are relevant to the professionalism required:

1) **educational and training qualifications maximum 15 points:**
   a) qualifications such as post-graduate specialization diploma, research doctorate, university master's degree, university specialization course, if not used by the candidate as admission requirements;
   b) scholarships and research grants subject to a positive evaluation by the Referent, certificates of training activities with final evaluation issued following the attendance of professional training courses organized by Public Administrations or Bodies.

2) **professional qualifications maximum 10 points:**
   a) professional experience gained in the context of subordinate employment / collaboration at universities, public or private subjects or in carrying out freelance activities / collaborations / entrepreneurial activities carried out on their own, pertaining to the place offered. Professional experience must be assessed for the period exceeding that required as an access requirement and used for this purpose by the candidate.

3) **additional titles maximum 5 points:**
   a) scientific publications: articles published in scientific journals, communications published in conference proceedings, books or contributions to books, patents;
   b) participation, as a speaker, in conferences, courses and seminars;
   c) Other qualifications deemed useful by the candidate for evaluation purposes.

The aforementioned qualifications must be possessed on the expiry date of the notice and must be self-certified or produced within the deadline set for the submission of the application for admission to the competition.

The qualifications that the candidate intends to use for the purpose of the merit assessment must be self-certified pursuant to art. 46 and 47 of the Presidential Decree 445/2000, using the scheme referred to in Annex B) from which it is possible to clearly and thoroughly infer the training and professional experience gained.
In the self-certification, the candidate must specify in an analytical and precise manner every element useful for the evaluation of the qualifications and for carrying out the necessary checks on the truthfulness the self-certified data (e.g. duration of the employment relationship - dd / mm / yy at the beginning and end of relationship, employer, training body, duration in days of the training course, possible evaluation or final test of the training course, etc.).

This declaration must be sent by PEC together with the application, and a photo static copy of the identity document of the declarant himself.

The publications must be listed in Annex B and produced in one of the following ways:
- in a copy declared compliant with the original with a special substitute declaration of the deed of notoriness as per attachment B;
- if the publication is accessible online on the site, insert the link, checking the accessibility of the document.

Candidates who must send attachments that altogether exceed the transmission limit of the certified e-mail must send a first PEC with the application for participation, specifying that the attachments or parts of them will be sent within the deadline for submitting applications with one or more certified mail.

The evaluation of qualifications with an indication of the maximum score obtained will be made known to candidates by 20 July 2021. The Commission will publish the Notice on the evaluation of qualifications on the University register at the following link: at https : //titulus-uniparthenope.cineca.it/albo/

This publication constitutes official notification in all respects.

B) The score reserved for the interview is 70 points. The interview will assess the skills and knowledge in the following areas:

1. experience in the scientific field, with particular reference to the marine and atmospheric environment and their interactions through an integrated, systemic, interdisciplinary and multidisciplinary approach;
2. management of environmental data with particular attention to multidimensional geo-referenced environmental data, different and different storage systems, indexing, semantic organization and related IT tools;
3. knowledge of the main simulation methodologies of environmental events, numerical simulation systems of natural events with particular reference to meteorological models, sea state due to wind, ocean and coastal circulation, transport and diffusion of pollutants, air quality;
4. knowledge of the methodologies and tools for matching different models and the management of related issues such as the adaptation between spatial and temporal computational domains, data reorganization and uniformity procedures;
5. knowledge of the tools for scientific computing available by high-performance computing resources, distributed computing, and computing using flexible on-demand tools (cloud computing) as well as similar data storage and management system counterparts;
6. knowledge of technology transfer processes in numerical environmental modeling and related enabling technologies;
7. communication and Promotion strategies with particular reference to technology transfer of research results;
8. skills: teamwork, problem solving, managing complex situations.
9. knowledge and advanced use of individual productivity packages, distributed cloud-based tools, scientific paper editing tools, scientific computing tools, tools for visualization, analysis, and processing of geo-referenced data, meteorological data, oceanographic data, and air quality data;
Part of the interview will focus on the analysis of a practical case. The interview is scheduled on day 21/07/2021 in telematic modality according to the disposition of the "Regulation for the conduct of competitive procedures in telematic modality, according to the Decree of the President of the Council of Ministers of March 11, 2020", issued by D.R. 187 of 18/3/2020. (Via Skype, Teams or Zoom, as chosen by the Selection Board). The Commission will provide information to candidates through the personal email address indicated in the application for admission to the selection, in relation to the procedures and time of the interview.

The candidate must, therefore, be provided with suitable audio-visual technical equipment and his/her identity will be verified by showing, at the time of the interview, the original of the ID card already attached as a copy to the application form. The candidate must be available at the personal address indicated in the application for admission, on the day and at the time indicated for the interview. Failure to communicate the personal address, failure to connect and/or unavailability of the candidate on the day and at the time indicated, or failure to produce the identification document already attached to the application form, will be considered grounds for forfeiting participation in the interview, and therefore, the selection for whatever reason. The University declines any responsibilities for the occurrence of technical reasons that prevent the smooth progress of the interview.

The aforementioned publication will have full notification value.

ART. 7
PREFERENCES ON EQUAL MERIT

With the equal merit, the preferred titles (in accordance with the art. 5, paragraph 4 of the Presidential Decree 09/05/1994 n. 487 and subsequent amendments) are:

1. those who have been awarded medals for military valor;
2. the mutilated and disabled war ex-combatants;
3. the mutilated and disabled due to war;
4. the disabled and disabled for service in the public and private sector;
5. war orphans;
6. the orphans of the fallen by war;
7. orphans of the fallen for service in the public and private sector;
8. the wounded in combat;
9. war cross or other special war merit certificates, as well as leaders of large family;
10. the children of the mutilated and war disabled ex-combatants;
11. the children of the mutilated and disabled for war events;
12. the children of the mutilated and disabled for service in the public and private sector;
13. unmarried widowed parents, unmarried spouses and sisters and brothers who are widowed or not married to the fallen in the war;
14. unmarried widowed parents, unmarried spouses and sisters and brothers who are widowed or not married of the fallen because of war;
15. unmarried widowed parents, unmarried spouses and sisters and brothers who are widowed or not married of the fallen for service in the public and private sector;
16. those who have performed commendable military service as combatants;
17. those who have rendered commendable service in any capacity, for not less than one year in the administration that launched the competition;
18. married and unmarried with regard to the number of dependent children;
19. the disabled and civilly disabled;
20. military volunteers of the armed forces dismissed without demerit at the end of the conscription.

With the same merit and qualifications, preference is determined by:
1. the number of dependent children, regardless of whether the candidate is married or not;
2. from having rendered commendable service in public administrations;
3. from the minor's age of the candidate.

Preference titles must be held on the expiry date of the established deadline for the submission of the application.

The omission in the application of the declarations relating to the possession of the aforementioned preference titles, entails the inapplicability of the benefits consequent to the possession of the title.

The aforementioned qualifications, upon recruitment or at the request of the Administration by Pec, must be submitted:
1. in original;
2. certified copy pursuant to art. 18 of the Presidential Decree 28/12/2000, n. 445;
3. a photocopy with a substitutive declaration of an act of notoriety that certifies compliance with the original, pursuant to articles 19 and 47 of the Presidential Decree n. 445/2000 and subsequent amendments and additions, made at the bottom of the document or attached to it, together with the unauthenticated photocopy of your identity document;
4. by means of a declaration, signed by the interested party, substituting certification pursuant to art. 46 of the aforementioned Presidential Decree and / or deed of notoriety pursuant to art. 47 of the aforementioned Presidential Decree produced, in the latter case, together with the unauthenticated photocopy of your identity document.

The administration will carry out appropriate checks on the truthfulness of the substitute declarations.
ART. 8

RANKING

Once the competition tests have been completed, the Board will draw up the merit ranking in the descending order of the overall grade reported by each candidate.

The final score, of a maximum of 100 points, will be given by the sum of the score obtained following evaluation of the qualifications and the score reported in the oral interview.

The candidates who are usefully placed in the ranking will be declared winners, within the limits of the places available for competition, taking into account preferences.

The ranking is approved by decree of the General Director and will be published on the University Register at the address https://titulus-uniparthenope.cineca.it/albo/.

ART. 9

EMPLOYMENT RELATIONSHIP

The winner will be invited to stipulate, in accordance with provisions of the current C.C.N.L. of the University, an individual full-time and fixed-term contract, for a period of 36 months, possibly extendable, with a position as Technologist and with overall economic treatment, including any accessory treatment and the use of meal vouchers, corresponding to the D category, economic position D3.

The winner who does not assume service, without justified reason, within the established term, forfeits the right to stipulate the contract. In the event of hiring in service with a delay with respect to the term assigned for proven and serious impediments, the economic effects start from the day of taking up service.

The winner of the selection will be hired on probation, with a fixed-term contract, Technologist, category D - economic position D3, for a period of 4 weeks. Once this period has elapsed without the relationship being terminated by one of the parties, the employee is considered confirmed as on duty.

The performance requested of the winner, within the organizational structure of the University and on the basis of what has been agreed with the Director of the Department of Science and Technologies, in compliance with art. 72 of the C.C.N.L. of the University and of what is prescribed by the Regulations for access to the employment of fixed-term technologists ex art 24 bis of Law 240/2010 at the University of Naples "Parthenope", can be articulated in a flexible manner in relation completion of the required activities, also providing for the performance of smart working activities.

Upon hiring, the winner will be required to make a substitute declaration of notarial deed, pursuant to art. 47 of the Presidential Decree n. 445/2000 and subsequent amendments and additions certifying the possession of each of the requirements prescribed by this notice, and to produce, according to the methods established by art. 7, any preferential qualifications with the same rating, already owned as of the deadline set for submitting the application for admission to the competition.

The administration will carry out appropriate checks on the truthfulness of the substitute declarations.
ART. 10
TREATMENT OF PERSONAL DATA

The personal data transmitted by the candidates with the application for participation in this procedure, are subject to computer and / or manual processing and may only be used for legal obligations.
